**House Bill No. 1882**

by deleting sections 1 and 2 in their entirety and substituting therefor the following:

SECTION 1.      Tennessee Code Annotated Title 56, Chapter 1, Part 1, is amended by adding the following language as a new, appropriately designated section:

(    ) No insurer or other entity licensed under this title shall use any physicians' Drug Enforcement Administration (DEA) number as an identifier for any purpose, including without limitation utilization review, outcomes measurement, or otherwise. The general assembly hereby finds that the use of such DEA numbers contributes to the illegal diversion of prescription drugs and is a danger to the public health and welfare.

SECTION 2. If any provision of this act or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of the act which can be given effect without the invalid provision or application, and to that end the provisions of this act are declared to be severable.
